Section	Description	Implementation Evidence
L3.4	For the purposes of Conditions L3.1 and L3.2, noise from the premises must be measured or computed at the most affected point on or within the residential boundary, or at the most affected point within 30 metres of the dwelling where the dwelling is more than 30 metres from the boundary, to determine compliance with the noise level limits in Conditions L3.1 and L3.2 unless otherwise stated.	Details of the noise monitoring requirements are included in the Noise Management Plan (section 7.3 of the OEMP).
L3.5	Noise from the premises must be measured at 1m from the dwelling façade to determine compliance with the LA1(1minute) noise limits at Condition L3.2.	Details of the noise monitoring requirements are included in the Noise Management Plan (section 7.3 of the OEMP).
L3.6	Where it can be demonstrated that direct measurement of noise from the premises is impractical, the EPA may accept alternative means of determining compliance (<i>see Chapter 11 of the NSW Industrial Noise Policy (INP)</i>).	Details of the noise monitoring requirements are included in the Noise Management Plan (section 7.3 of the OEMP).
L3.7	The modification factors presented in Section 4 of the NSW Industrial Noise Policy shall also be applied to the contributed noise level from the premises where applicable.	SICTL submitted a proposed methodology for conducting noise measurements and modelling as an alternative to conducting environmental noise monitoring at all six noise monitoring locations on 5 June 2014. The EPA approved the use of a calibrated noise model on 11 July 2014. Details of the noise monitoring requirements are included in the Noise Management Plan (section 7.3 of the OEMP)..
L3.8	The noise limits specified at Conditions L3.1 and L3.2 apply under the following meteorological conditions: (a) wind speeds up to 3 m/s at 10 metres above ground level; and (b) temperature inversion conditions of up to 1.5 C/100m.	Details of the noise monitoring requirements are included in the Noise Management Plan (section 7.3 of the OEMP).
